

The Community Behind a Book

Presenter:
Adina
Steiner

So how can some names in a book tell us anything about history?

The collection of names in these books can show us what people valued to fill in the historical record

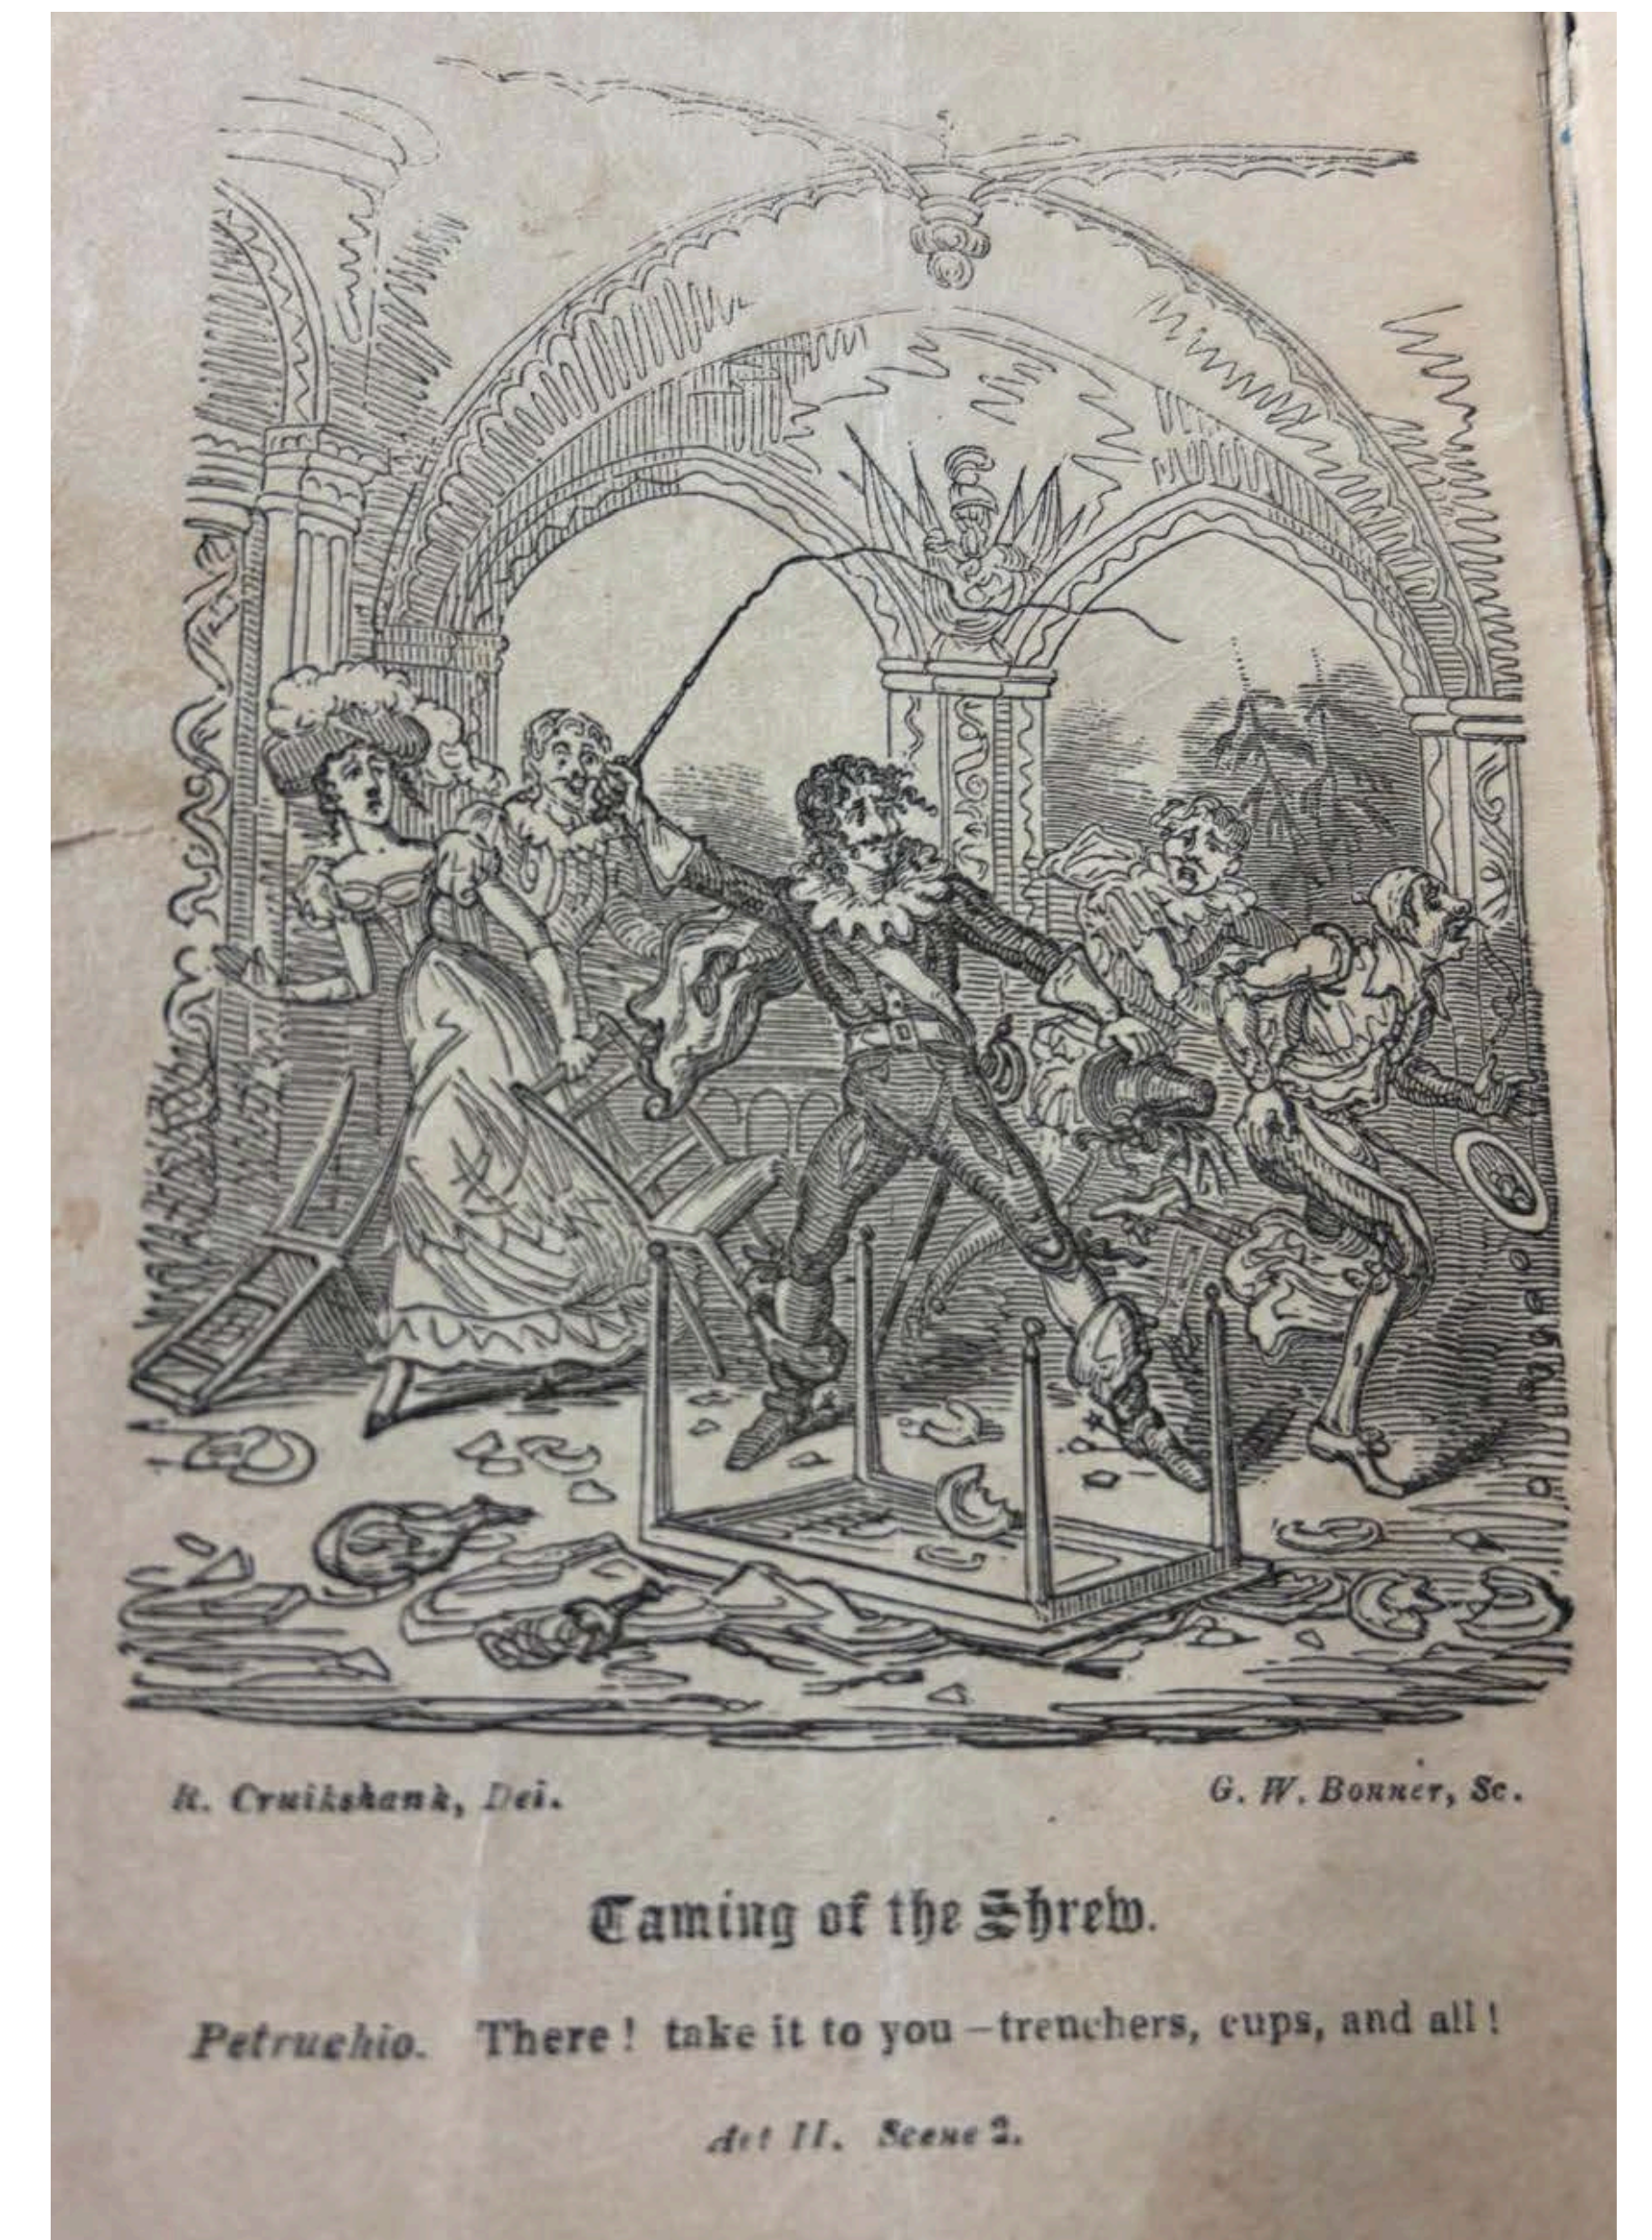

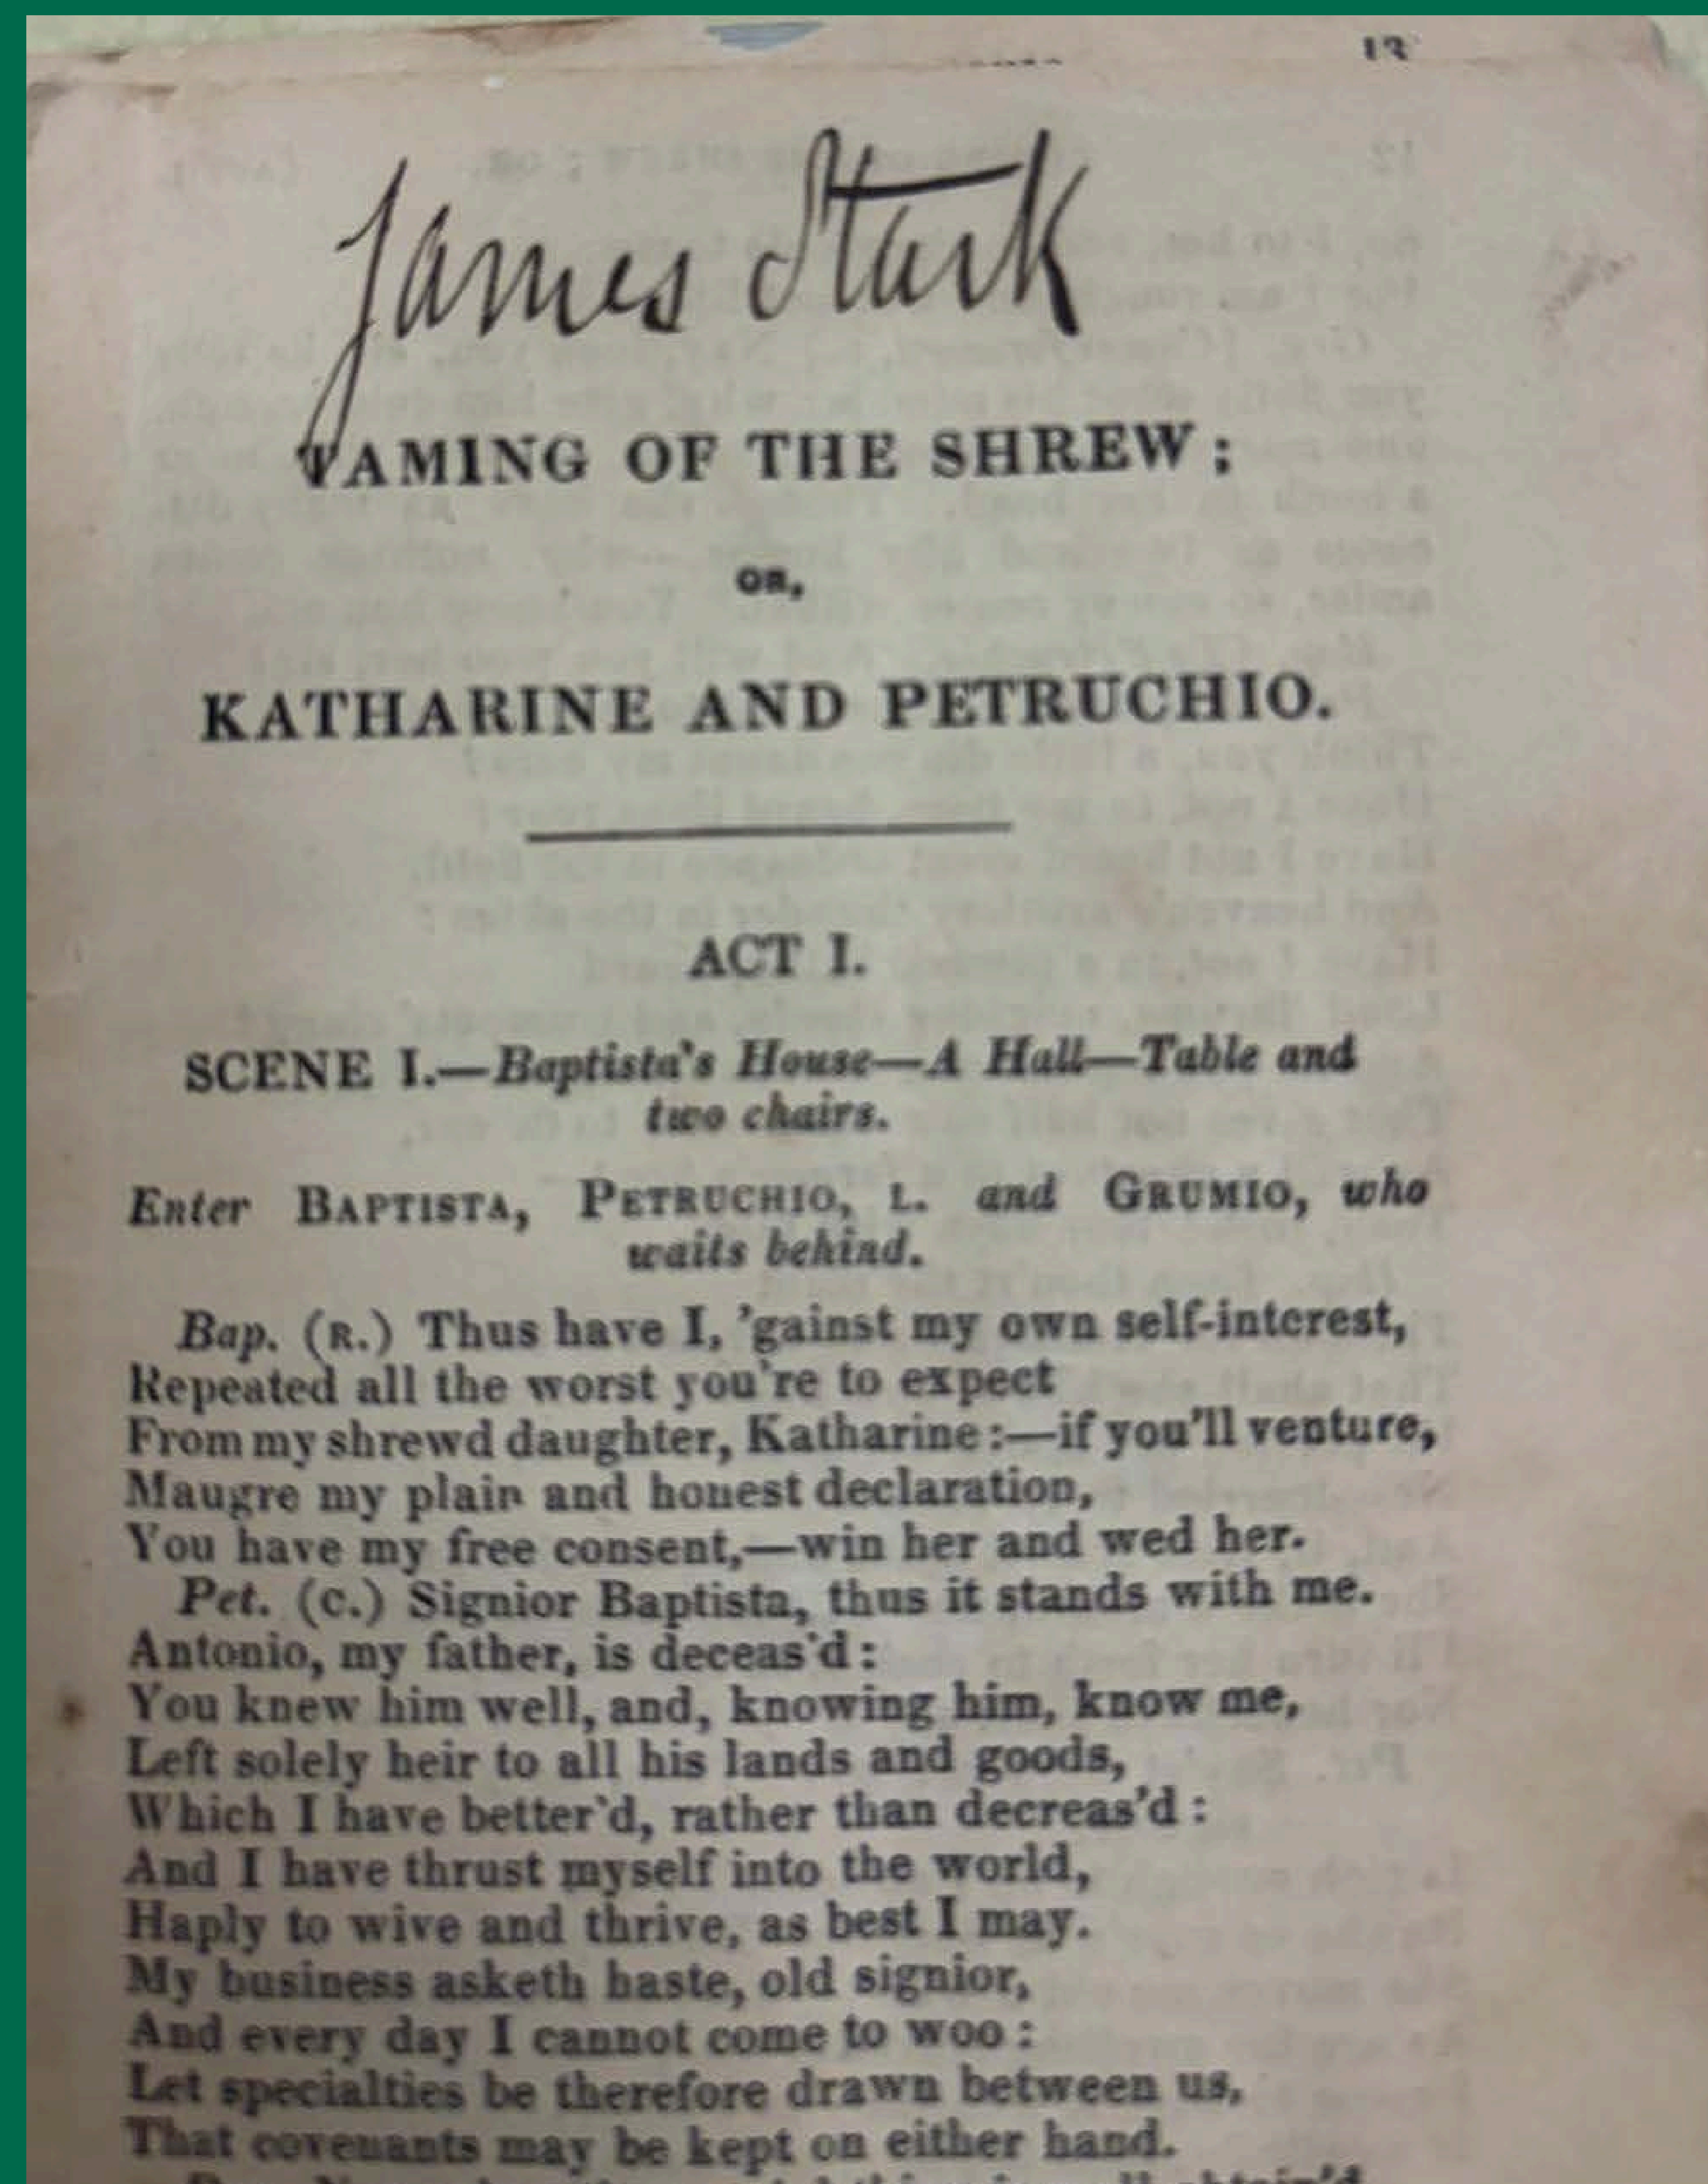

Process

After going through all the names that can be found, I looked them each up and looked into what their involvement meant for the book and what this meant for their respective field at the time

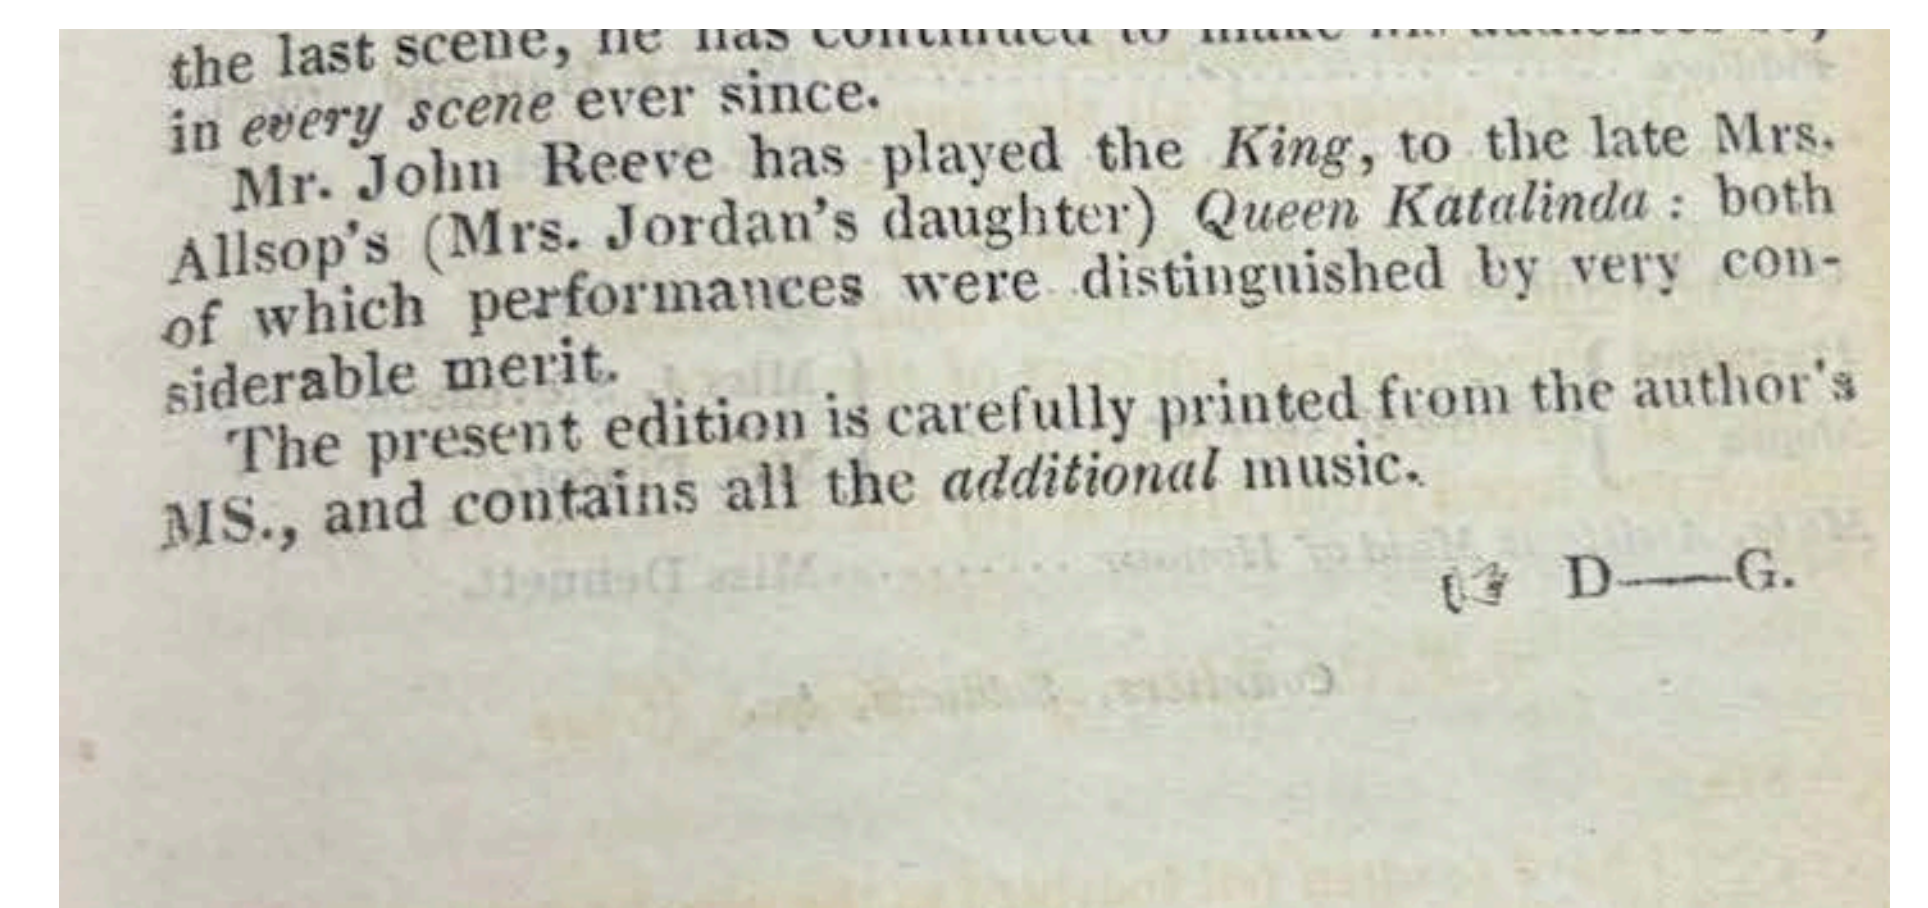

People to look at in *The Taming of The Shrew*
